PROGRAM

FRIDAY JUNE 26

8.00 am: **Welcoming and registration.**
8.30 am: **OPENING CEREMONY**
Prof. M.RIQUET and J.EMMERICH – J.P BRUN

SESSION 1

9.00 – 10.30 am: **Lymphedema prevention and rehabilitation.**
Coordinators: E.FOLDI, J.P BRUN, A. LEDUC

Prevention and treatment of lymphedema post axillary lymphadenectomy.
F. Dubois, P. Schuler – Belgium.

Lymphedema prevention and indication for outpatient versus inpatient treatment.
E. Földi – Germany.

European consensus for physical treatment of phlebolymphoedema.
A.Leduc – Belgium.

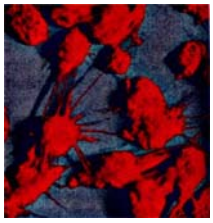

Manual and pneumatic massage and tissue fluid and lymph transfer to the non lymphedematous tissues.
W. L. Olszewski, Pradeep Jain, G. Ambujam, Marzanna Zaleska, Marta Cakala, Tomasz Gradalski, Ewa Stelmach – Poland.

Intradermal lymphoscintigraphy: the effect on lymph drainage with quick muscular exercising or walking in lymphedema limbs.
G. Tartaglione, R. Morese, G. Antonini Cappellini, A.R. Zappala, C. Sebastiani, M. Pagan, G. Paone, V. Bernabucci, R. Bartoletti, P. Marchetti – Italy.

The Axillary Web Syndrom and Physical therapy cares: comparison of 2 current treatments.
O. Leduc, A. Moreau, F. Pastouret, A. Tinlot, A.Clément, T. Parijs, F. Beckers, J.S.Strappart and F.Wilputte. – Belgium.

Plurydisciplinary staff for surgery in secondary lymphedema. Results after 4 years in free nodes transplantations.
J.P Brun, C. Becker, M. Rapolti - Paris – France.

10.30 – 11.00 am: **COFFEE BREAK**

SESSION 2

11.00 – 12.30 am: **Peripheral neuropathy and lymphatic diseases, toxic effects.** Coordinators: P.VALENSI, A.BEHAR, J.P BELGRADO

Lesion of nerve blood vessels in diabetic neuropathies.
G. Saïde – France.

Cold effects on sensory and motor nerve conduction in diabetic rats.
A. Behar, G. Leger, L. Sore, K. Tarhzaoui, F. Cohen-Boulakia,
P. Valensi – France.

Peripheral nerve impairment in diabetic patients. Role of lymphatic uptake dysfunction.
P. Valensi, S. Chiheb, L. Sore, A. Behar - France.

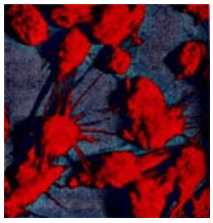

Effect of the proteolytic enzymes on the leg lymphedema after erysipelas.
A. Džupina, M. Džupinová, M.Wald, H. Křížová, M. Vereb –
Slovak Republic, Czech Republic.

A NOVEL MoistureMeter D for local assessment of lymphedema.
M. Niinimäki, J. Nuutinen, T. Lahtinen – Finland.

Morbid obesity and lymphedema: a system of combined treatment.
Corrado Cesare Campisi, F. Boccardo, C. Campisi, E. Benatti,
F. S. Papadia – Italy.

12.30 - 1.30 pm: **LUNCH**

1.30 - 2.00 pm: **POSTER SESSION 1**

SESSION 3

2.00 – 3.30 pm: **Breast and thoracic lymph diseases.**
Coordinators: M.RIQUET, P. LIEVENS, J.M FICHELLE

The SENTIBRAS protocol: axillary reverse mapping (arm) technique for breast cancer patients requiring axillary dissection.
C. Nos, K. Clough, M.A Collignon, F. Lecuru – France.

"LYMPHA" procedure for the primary prevention of lymphedema due to breast cancer surgery.
F. Boccardo, C. Campisi, E. Benatti, C. Boccardo,
Corrado C. Campisi – Italy.

Our personal experience of the anatomical study of the digestive lymphatic system.
A. Pissas, R. Rubay, E.Prieur, L. Solovei, D. Tiuca, O. Arnautu – France.

Chylous primary and secondary ascitis: diagnosis and surgical treatment.
E. Benatti, F. Boccardo, C. Campisi, C. Boccardo, C. C. Campisi – Italy.

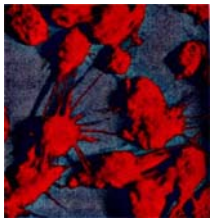

Peritoneoatrial shunting for intractable chylous ascites complicating thoracic duct ligation.
F. Le Pimpec-Barthes, Minh Pham, J. Jouan, A. Bel, J.N Fabiani,
M. Riquet – France.

Treatment of radionecrosis of the groin associated with ilio-femoral artery lesions by trans-iliac ilio-fémoral bypass associated with a Taylor flap.
J.M Fichelle, J.M Servant, JP Brun – France.

Lymphatic derivative and reconstructive microsurgery: more than 35 years experience and long-term clinical outcome.
C. Campisi, F. Boccardo – Italy.

Characterisation of lymphatics in non small cell lung carcinoma (NSCLC) and correlation with lymph node metastasis: a preliminary morphological study.
A. Cazes, M. Douheret, M. Riquet – France.

3.30 - 4.00 pm: **COFFEE BREAK**

SESSION 4

4.00 – 5.30 pm: **Lymphangiogenesis.**
Coordinators: A.PECKING, A.CAZES, J.P SLEEMAN

Tumor lymphangiogenesis: therapeutic target?
J.P Sleeman - Germany.

Malignant lymphedema: diagnosis and treatment.
A.Balzarini, C.Baratella, A.Mazzucchelli, R.Olivieri, A.Caraceni – Italy.

Postmastectomy lymph edema : different patterns of fluid distribution visualised by ultrasound imaging compared with RMI.
A. Tassenoy, J. De Mey, F. De Ridder, P. Van Schuerbeeck, E. Peeters, J. Lamote, P. Lievens – Belgium.

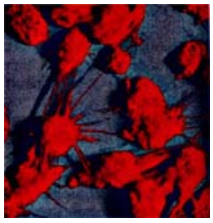

Calcitonin Gene Related Peptide (CGRP) in secondary lymphedema and its change after physiotherapy by magnetic fields, vibration and hyperthermia.
Hirobumi Hasegawa, Moriya Ohkuma – Japan.

Tissue fluid/Lymph cytokines – A neglected source of damaged tissue healing regulators.
Marzanna Zaleska, W. L. Olszewski, M. Cakala, G.Ambujam, P. Jain – Poland.

Lymph composition in treated lymphocele.
S. Michelini, A. Failla, G. Moneta, M. Cardone, L. Michelotti, A. Fiorentino – Italy.

5.30 - 6.00 pm: **POSTER SESSION 2**

8.30 pm: **NIGHT GALA DINNER**

SATURDAY JUNE 27

SESSION 5

9.00 – 10.30 am: **Initial lymphatic and endothelial function.**
Coordinators: O. LEDUC, L.VAILLANT, C. CAMPISI

Rosiglitazone effects in microvascular functions of zucker fatty rats.
A.Behar, E. Cosson, K.Tarhzaoui, G.Leger, P.Valensi – France.

Intralobular pulmonary lymphatic distribution in normal human lung.
M. Kambouchner and J - F. Bernaudin – France.

Where does tissue fluid accumulate in obstructive lymphedema?
W. L. Olszewski, M. Zaleska, M. Cakala, T. Gradalski, G. Ambujam, Pradeep Jain – Poland.

Avascular lymph node transplantation in the rat benefits from platelet-rich plasma.
C. Hadamitzky, K. S. Blum, R. Pabst – Germany.

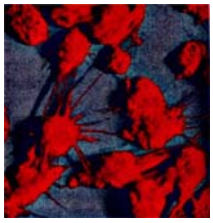

Dual Energy X-Ray absorptiometry shows excess adipose and muscle tissue in breast cancer related arm lymphedema.
H. Brorson, K. Ohlin, G. Olsson, and M. K. Karlsson – Sweden.

Deep infrared imaging of lymphedema: interest of the technique.
JP. Belgrado, P.Bourgeois, M.Guiochon, JJ. Moraine – Belgium.

Age changes of lymph nodes of rats in postnatal ontogenesis.
T. Tsvetkova, Peleneva Irina M – Russia.

Tissue fluid/Lymph cytokines and growth factors regulate human keratinocyte proliferation and differentiation.
A. Domaszewska- Szostek, M. Zaleska, W. L. Olszewski – Poland.

SESSION 6

11.00 – 12.30 am: **Lymphedema, functional and acquired, Surgery and clinical events.**
Coordinators: M.MICHELINI, R.CLUZAN, C. BECKER

Therapeutical approach in Lymphedema patients.
S. Michelini, A. Failla, G. Moneta, M. Cardone, L. Michelotti, A. Fiorentino – Italy.

Lymphatic complications in venous surgery : aspects of prevention and surgical treatment.
C. Boccardo, E. Benatti, C. C. Campisi, F. Boccardo, C. Campisi – Italy.

Modification of the volume of lymphnodes linked to the techniques of manual lymphatic drainage.
JP. Belgrado, C. Rondeux, M. Danet, P. Bourgeois, J. Senty, P.Cullus, R.Rosiello, JJ.Moraine – Belgium.

Treatment of congenital lymphoedema resistant to physiotherapy by free nodes transplantations.
C. Becker, J.P Brun, M. Rapolti – France.

Patterns of lymphatic invasion by cancer cells in colorectal cancers.
Eikichi Okada – Japan.

Lymphoceles of inguinal region.
A. Hamadé, J. Quelet, M.H. Diancourt, P. Michel, G. Obringer, J.Ch. Stoessel, M. Lehn-Hogg, H. Metzger – France.

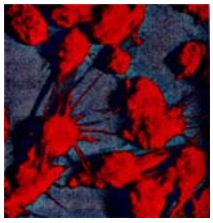

The topography of the lymphatic terminus on the neck - manual lymphodrainage. What we influence with manual lymphodrainage?
O. Eliška, H. Váchová - Czech Republic.

Head and secondary functional lymphedema. Traumatology cases of burns. Method "LOSANN".
A.Loskotova, J. Loskotova - Czech Republic.

12.30 pm: **CLOSING REMARKS**
M.RIQUET & J.P BRUN

13.00 pm: **LUNCH**

WORKSHOPS :

On Friday 26 and Saturday 27

WORKSHOP I

Demonstration in practice of new material and new techniques with professional supports.

WORKSHOP II

Overview and conferences about clinical lymphology and treatments.
What's news in physical therapy?

FRIDAY JUNE 26

1.30 - 2.00 pm: **POSTER SESSION 1**

40 years of all-clinical lymphology and endoecological medicine formation.
Y.Levin – Rusia.

Technical problems of all-clinical lymphologycal methods implementation in treatment and sanitation institutions.
F.A.Kurieva – Russia.

Methods of all-clinical lymphology in hospital and sanatorium practice.
I.L. Panova – Russia.

Lymphoedema informatics.
Z.A Sheikh, D. A. Munnoch – Scotland.

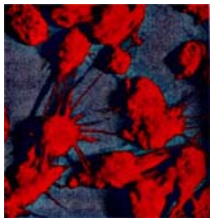

Medical Lymphology: can Europa fulfil the need for Special training in medicine?
C. Hadamitzky, R. Pabst – Germany.

New approaches to debulking procedures in very advanced lymphedema of lower limbs.
W. L. Olszewski, P. Jain, J. Victor – Poland.

Compression therapy of swollen lower limbs. Tissue fluid hydraulics, clinical effects.
M. Zaleska, W. L. Olszewski, M. Cakala, G.Ambujam, P. Jain – Poland.

Contribution of lymphoscintigraphy to diagnosis of upper limb lymphedema after axillary dissection.
F. Dubois, P. Schuler, Y. Jacques, N. Puttemans, M. Verhas – Belgium.

All –clinical lymphology methods in the system of atomic industry workers rehabilitation.
Z.I.Lamokova – Russia.

FRIDAY JUNE 26

5.30 - 6.00 pm: **POSTER SESSION 2**

Lymphological methods in a sanatorium located in the vicinity of megapolis.
V. Milov – Russia.

Lymphatic drainage stimulation used for long term treatment and rehabilitation.
L. Sukhanova – Russia.

The regional effects of lymphotropic therapy for children with allergic rhinosinusitis.
T. Y. Tsvetkova, L.V. Sofronova – Russia.

The experimental basis of lymphotropic therapy for respiration system deseases.
T. Y. Tsvetkova, I. M. Peleneva – Russia.

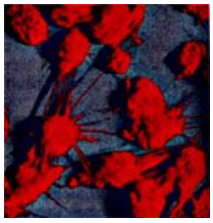

Lymphoedema in Egypt.
Sobhi Hweidi – Egypt.

Liposuction normalizes Elephantiasis of the leg. A prospective study with a 6 years follow up.
H. Brorson, C. Freccero, K. Ohlin, B. Svensson – Sweden.

Liposuction of postmastectomy arm lymphedema completely removes excess volume: a 15 years study.
H. Brorson, C. Freccero, B. Svensson – Sweden.

Adipose tissue dominates chronic arm lymphedema following breast cancer: an analysis using volume rendered CT images.
H. Brorson, K. Ohlin, G. Olsson, M. Nilsson – Sweden.

A research methodology for designing the optimal prothesis bra.
N. Adriaenssens, S. Adriaenssens, J. Gu, M. Jegers, J. Lamote, P. Lievens, I. Ravyse, L. Ruggiero, H. Sahli, H. Sol, M. Vanhoeij - Belgium
