# XXI MLAVS 2011

**Genoa (Italy), December 1-3, 2011**

## *WELCOME ADDRESS*

“Dear Friends,

It is with great pleasure that I welcome you to the XXI Mediterranean Congress of Angiology and Vascular Surgery which will be held in Genoa 1-3 December 2011 under the Presidency of Prof. C. Campisi. I am sure this Congress will be a successful one and will give the opportunity for scientific dialogue and communication at its highest level.

The Mediterranean League of Angiology and Vascular Surgery has a multidisciplinary character, and provides a unique forum for discussion of all critical issues concerning the management and care of all vascular patients. Furthermore, MLAVS has the mission to foster progress and mutual understanding between all professional groups dealing with vascular diseases in the Mediterranean region, and to promote research.

The special field of interest of the President of the XXI MLAVS Congress will ensure more specific and extensive focusing on Lymphatic Disorders.

It is beyond any doubt that the economic crisis has also affected the organisation of Medical Congresses. However, I am sure that the efforts of the Organising Committee as well as the beautiful environment of the city of Genoa will attract a vast audience and ensure an active participation.

On behalf of the Executive Board of the Mediterranean League of Angiology and Vascular Surgery I wish you a very productive and pleasant Meeting.

Let's meet in Genoa!”

# XXI MLAVS 2011

**Genoa (Italy), December 1-3, 2011**

## *WELCOME ADDRESS*

"Together with the President of the Mediterranean League of Angiology and Vascular Surgery (MLAVS), Prof. Nicos Angelides, and all Members of MLAVS Executive Committee, it is a great pleasure and honour for me to announce to all of you the XXI MLAVS Congress, that will be held in Genoa - Italy from 1st to 3rd December 2011 at Galata Museo del Mare.

Main topics of the Congress will be: Vascular and Endovascular Surgery, Cardio-Vascular Medicine and Lymphology,

My University Colleagues Prof. Claudio Brunelli and Domenico Palombo will join me as Co-Presidents, according to their specific Competences on Cardiovascular Medicine and Vascular-Endovascular Surgery.

Of course the Scientific Program of the Congress, as far as my special field of interest is concerned, will focus on Lymphatic Disorders in Angiology and Vascular Surgery.

Every proposal regarding these previously mentioned three main topics will be welcome.

All of you will be entertained by a pleasant and wide variety of social events, from the historical and monumental background of the City to the beautiful sightseeing of the "Riviera Ligure".

I look forward to meeting and welcoming you all to Italy.

Warmest regards and Happy New Year!"
