

ESL 2022 - CONGRESS OF EUROPEAN SOCIETY OF LYMPHOLOGY

Domus Pacis • Santa Maria degli Angeli • Assisi • Italy

JUNE 16-17-18, 2022

Congress President
Marina Cestari

CME ACCREDITATION ENVISAGED

3rd ANNOUNCEMENT

Dear Friend Lymphologists,

We are living an inedited sanitary emergency, COVID-19 pandemic. This situation has conditioned many aspects of our life, health, family affections, work and the world economy. In the same way, the conference activities have also been interrupted.

Although there is still no prediction of a possible return to an almost normal situation, the President of the Congress, together with the Scientific Coordinator, myself and the members of the Executive Committee have decided to set the new dates of the congress on June 2022. We all intensely desire to be able to meet again, to exchange our scientific opinions, to stay together even on convivial occasions and to continue the activity of our society, with the aim above all to update ourselves on new scientific researches in the lymphological field, stimulating the participation of young lymphologists, and expand lymphological knowledge all over Europe.

The Congress of the European Society of Lymphology 2022, which Marina and Sandro are planning with considerable organizational efforts, especially considering the current pandemic, will certainly be an opportunity for the growth of the ESL under different points of view. In the meanwhile, the activity of the Society and the interest in the European Lymphology are definitely live and dynamic

Finally I am really pleased to invite you all to our next meeting and I would like to send my warmest wishes for good health and return to normal as quickly as possible.

Francesco Boccardo
ESL President

Dear colleagues,

with the hope that this current, terrible global pandemic will be over as soon as possible, not only from the point of view of health, but also to regain possession of our emotional and work life and with the hope of world economic recovery, I invite you to the Congress of European Society of Lymphology taking place in Santa Maria degli Angeli - Assisi on the 16-18 of June 2022.

The aim of the Congress is to contribute to progress in the field of Lymphology through the scientific program that will include lectures and free paper sessions as well as workshops and poster sessions.

I hope you will enjoy the Congress and the city of Assisi, a UNESCO world heritage site full of history, art and spirituality.

Marina Cestari MD
Congress President

EUROPEAN SOCIETY OF LYMPHOLOGY

Honorary President: Albert Leduc, Belgium
